Taha Mohammed Fawy

Full-Stack Developer (React & Django) | Software Engineer

Egypt | +20 115-951-1474 | mailto:tahafawy2@gmail.com

https://www.linkedin.com/in/taha-mohamed-fawy-736438294/ | https://github.com/Taha-M-Fawy/

Professional summary

Full-Stack Developer with experience building scalable web applications using React.js and Django. Led frontend teams and contributed to award-winning projects, including 3rd place in IEEE DOM-DOM Hackathon. Strong problem-solving skills, system design knowledge, and ability to deliver high-quality solutions under pressure.

Education

Bachelor of Computer Science *2023 – Present*

South Valley University | Expected Graduation: 2027

Achievements & awards

ECPC 2025 Participant *September 2025*

- Qualified for the ECPC National Finals, focusing on advanced algorithms and data structures.

3rd Place | DOM-DOM Hackathon (IEEE SVU SB) *April 2026*

- Awarded 3rd Place out of 25 teams for excellence in rapid prototyping and system design.

3rd Place | 7-Day Web Development Competition (South Valley University) *November 2025*

- Awarded for the "Educational Website" project among university participants.

Technical Skills

- **Frontend:** React.js, Redux Toolkit, React Query, HTML5, CSS3, Responsive Design, Tailwind CSS, Bootstrap, JSON, Angular.
- **Backend:** Django, Django REST Framework (DRF), RESTful API Design, PostgreSQL.
- **Programming:** C++, C, Python, JavaScript (ES6+), Object-Oriented Programming (OOP), Problem Solving.
- **Tools:** Git, GitHub, Postman, Jira, Agile/Scrum, Vite.

Soft Skills

- **Core Competencies:** Adaptability, Critical Thinking, Active Learning, Emotional Intelligence, and Attention to Detail.
- **Leadership & Mentoring:** Proven ability to lead technical teams of 6+ members and mentor 10+ students.
- **Problem Solving:** Strong analytical thinking and Strategic Planning developed through ECPC competitive programming.
- **Communication:** Effective Public Speaking and Conflict Resolution skills developed through community leadership.
- **Time Management:** Delivering high-quality prototypes under strict deadlines with Persistence and Focus.
- **Team Collaboration:** Skilled in Working within Cross-functional Teams and Networking within the tech community

Experience & leadership

Technical Team Lead | Support College Community *October 2025 – Present*

– Mentored 10+ students on frontend development, resulting in 93% of participants completing their graduation projects successfully.

Freelance Web Developer | FreelanceYard *January 2024 – Present*

– Developed custom web solutions, including responsive e-commerce interfaces and interactive components.

Project Lead | University E-Commerce Assignment *October 2025 – December 2025*

– Led a team of 6 students to deliver a full-stack platform, achieving an 'A' grade for technical implementation.

Key projects

LMS Backend System | Django GitHub *October 2025 – January 2026*

– Developed 15+ scalable RESTful APIs for Course Materials, Quizzes, and Notifications.
– Designed optimized database schemas for a production-ready system.

Darakison (Award-Winning Hackathon Project) | React.js, Tailwind GitHub | Live *April 2026*

– Developed a complete UI integrated with backend APIs within a strict 4-day deadline, placing 3rd out of 25 teams.

Educational Platform (Award-Winning) | HTML, CSS, JavaScript GitHub | Live *November 2025*

– Developed a responsive platform with dynamic content rendering and LocalStorage persistence.

React Shopping Cart | React.js, Redux Toolkit GitHub *August 2024*

– Developed a Redux-based cart system focusing on performance and reusability.

E-Commerce Platform (Academic Lead) | Bootstrap, JavaScript GitHub *October 2025*

– Developed a full e-commerce solution with a focus on clean UI/UX.

YouTube Clone | Angular GitHub *June 2024*

– Developed a modular video streaming interface using Angular's component architecture.

Certifications & training

- Software Engineering Fundamentals – ITI | October 2024 [Certificate]
- Web Designer– NTI | June 2024 – July 2024 [Certificate] (90 Technical Hrs)
- Front-End Web Development– ITI | October 2024 – November 2024 [Certificate]
- 3rd Place Certificate – IEEE DOM-DOM Hackathon | April 2026 [Certificate]
- 3rd Place Certificate – Faculty 7-Day Competition | November 2025 [Certificate]
- ECPC Participation Certificate – Egyptian Collegiate Programming Contest | September 2025 [Certificate]
- Support College Community – Front-End Training Certificate | April 2024 [Certificate]
